Checking					

This authorization is to remain in full force and effect until the COMPANY has received a new agreement from me of its termination in such manner as to afford the COMPANY a reasonable opportunity to act on it.

Signature of Congregant: _____

Automatic Draft of Tithes and Offerings

Automatic Draft of your tithes and offerings is a service which electronically moves funds from your financial institution to deposit in Faith Baptist Church's bank. The funds will be drafted on your choice of either the 7th, 14th, 21st, and/or 28th of each month. We will continue to provide you with a charitable deduction statement at the end of the year. In addition, you will see the amount and date of the draft reflected on your monthly bank statement.

To receive the many benefits of this service, you will need to sign an authorization for us to automatically draft your personal checking account on the 7th, 14th, 21st, and/or 28th of each month. Because virtually all financial institutions participate in the automatic draft program, there should be no need to alter your current banking arrangement.

Consider the Following Benefits:

- You can continue to give even if you are out of town.
- There is no need to use church envelopes.
- Being electronic, you don't have to worry about lost or stolen checks.
- Drafting affords greater confidentiality.
- There is no cost for your participation in the program.
- Automatic drafting works in tandem with Faith's software program to ensure greater accuracy of your giving record.

If you would like to participate in the Automatic Draft program, please attach a voided check here.
